CATCH THE BUG.

The movie is where it begins. And now, on your PC, the action never ends.

Join Flik and his way-cool insect friends in an outrageous 3-D world where everything you do is strictly from a bug's point of view.

Zap enemy grasshoppers with your berry shooter. Get pecked by a giant bird.

Battle your way through 15 levels of non-stop fun where the action's always new. And teach the evil Hopper the true meaning of pest control.

The fate of the entire colony depends on you. So don't get squished.
